

FOR IMMEDIATE RELEASE

NOW AVAILABLE! New Larger Size LambdaStar UltraCap 9.7% in a 32 Oz Measure Bottle

Rockwell Labs is now shipping a new larger 32 fl oz bottle size of LambdaStar UltraCap 9.7%. The larger size provides an even bigger cost savings compared to the leading competitor. You'll get both fast knockdown and extended residual protection with LambdaStar UltraCap 9.7%, a superior micro-encapsulated formulation with the proven potency of a 9.7% lambda-cyhalothrin. It is labeled for use indoors, including food areas, and for use outdoors including structural, turf and ornamental as well as livestock housing sites. The label also features a CAUTION signal word. So now LambdaStar UltraCap 9.7% comes in two sizes, the new 32 fl oz measure bottle and the 16 fl oz measure bottle. For more information visit www.rockwelllabs.com, contact your Rockwell sales rep, or visit your distributor today.
