

# InVade™

## multi rtu

**A Three in One, Ready to Use Biological Product for Mopping, Foaming, and Treating Drains**

**InVade™ Multi RTU™** is a multi-purpose, three in one, ready to use biological product. InVade Multi RTU contains premium microbes, foaming agent, cleaners, and our proprietary citrus oil. Because of its versatility, it makes a great add on sale or simply use it to replace three separate products and save space. Add 4 oz to any standard mop bucket with about 3 gallons

**Product Codes:** **IBMR032 - 1 Quart bottle with a sprayer top**  
**IBMR128 - 1 Gallon jug**

of warm water and you're ready to go. No other cleaning agents are needed. When you're done, simply pour the mop water down any drain to treat the drain.

Because InVade Multi RTU is ready to use, just pour some into any pump up or power foamer and you're ready to foam.
