

# EcoVia™ IB

## insect blok

**Novel Insecticide Block for Enclosed Space Fumigation and Specific Site Repellency. Perfect for Small Fly Control and Repellency in Food Areas**

Product Codes:

EVIB036: 36 x 50 g beverage tray bloks

EVIB015: 15 x 100 g bloks

**A Blend of Powerful Botanical Insecticide Oils in an Innovative Block Form**

**Research-Based Botanical Insecticide, EPA Exempt 25(b) Product**

**Innovative and Unique, the First Product of Its Kind**

Emits insecticidal vapors that repel insects from an area and can kill insects in smaller enclosed spaces.

**Vapor Release Enhanced With Water**

Enhanced when the Bloks slowly dissolve in water, such as beverage fountain drip trays or drains.

**Ideal for Repelling Small Flies**

Such as fruit flies from beer taps, drains and other problem areas.

**Perfect for Enclosed Space Fumigation**

Repels ants and other insects from electrical boxes, trash cans and other enclosed spaces.

**Can be Used in Conjunction with InVade Bio Bullets to Provide Bio Sanitation Green Zone™ Product**

Naturally derived active ingredient. Suitable for green service programs.
