SprayDoser

Programmable Spray Doser for Applying Probiotic Cleaners Over a Wide Area

Product Code:

ISDS120: programmable sprayer for trash chutes, dumpsters and other areas

Applies Probiotic Cleaners Over Wide Areas

Perfect for dumpsters, trash chutes, compactors or any area with organic buildup or persistent odors.

Programmable Wall-mounted Unit may be Configured to Spray for a Desired Time and Interval

Operates Effectively when Paired with a Diluted Solution of InVade™ Bio Cleaner™

Easy-To-Use

Input tube goes in product to be sprayed, and output tube is mounted so the spray covers the area to be treated.
