

Top 10 Reasons Why You Need

1

Highly Effective
Ants carry the bait back to the nest to kill the colony. Other target pests eat the bait and die. Non-repellent.

10

Outstanding Value
Outdoor application rate of only 1 lb per 1000 sq ft, saving time, money, weight and space.

2

Exclusive Formula
The only 10% boric acid granular bait available for lower use rates.

9

No Pyrethroid or Neonic Use Restrictions
Also no PPE requirements for handling or applying. (except in CA)

3

Proprietary Bait Matrix
Contains a blend of premium food attractants, including protein, carbs and oils.

8

Broad Label
For use indoors including food areas, and outdoors including perimeter and turf use*.

Available Sizes: 40 lb carton, 10 lb bag, 4 lb shaker jug, 1 lb shaker bottle

4

Broad Spectrum Bait
Controls roaches, ants, crickets, earwigs, silverfish, millipedes, sowbugs, pillbugs, snails and slugs.

5

Mold and Moisture Resistant
Granules maintain effectiveness if exposed to rain or irrigation systems.

6

Long Residual Protection
Lasts up to 90 days outdoors. Active ingredient will not break down from heat or UV light.

7

Reduced Callbacks
Key product features result in fewer callbacks. Perfect for quarterly service programs.
