

## Highly Effective, Multi-use 0.05% Abamectin Bait for Ants, Cockroaches & Silverfish

### Product Codes:

IIABP535: Box of five 35 g syringes and one plunger  
IABP300: Single 300 g "Big Gun" syringe  
(fits standard caulk gun)

**Formulated with Abamectin, a Proven Effective Active Ingredient Derived from Soil Microbes**

**Contains a Range of Sweet, Oil and Protein Attractants**

Provides exceptional control of ants, cockroaches and silverfish in the unmatched convenience of one single bait, reducing the need for multiple products.

**Rapidly Kills Workers, Queens and Brood, Eliminating Ant Colonies**

**Protein Content makes it Ideal for General Spring Ant Baiting and for "Two-node" Ants like Pavement Ants and Pharaoh Ants Year Round**

**Free of Peanut Ingredients for Sensitive Applications**

Such as food plants, schools, child care and health care facilities.

**The Special Formula is Very Slow Drying and Remains Accessible to Roaches for Extended Periods.**

**For Indoor and Outdoor Use Including Food Areas**

**46% More Bait Per Box when Compared to Four 30 g Tubes per Box**
