PESTCO
PROFESSIONAL SERVICES

"We use Rockwell Labs' InTice 10 Perimeter Bait for the hospital networks we serve in western Pennsylvania because it's an effective, long-lasting and economical solution for broad-spectrum pest control. This product is especially suitable because of its formulation, which is designed for both indoor and outdoor use. It's a versatile choice for environments that require stringent hygiene and pest control measures like hospitals." -Bob Wiemer, ACE, Executive General Manager Pestco Professional Services, Pittsburgh, PA
